

A wide range of businesses are deployed globally to meet brisk paint demand worldwide

The Nippon Paint Group began consolidating its JVs in Asia and conducting overseas M&A since 2014 as it dynamically reorganized its regional and business segments and accelerated its global business expansion to meet the growing paint demand worldwide.

We will continue expanding our presence in each region and business segment based on our Asia x Decorative Paints business model.

Revenue composition by region

Revenue composition by business

Japan

The Group's business spans automotive coatings, decorative paints, industrial coatings, and fine chemicals. The Group is a leader in the domestic paint industry supported by our technological strengths, brand power, and a loyal customer base.

Other

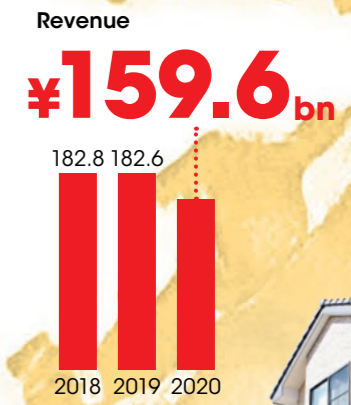

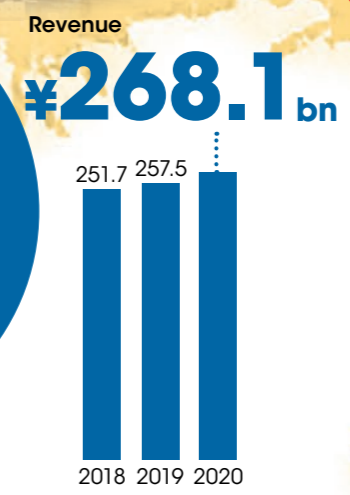

The Group has successfully established a leading position in the decorative paints market by growing our decorative paints and ETICS* business in Turkey, which also has high growth potential for decorative paints. We are also restructuring to reinforce our automotive coatings business in Europe for future growth.

China

The Group extended operations into China in 1992. In this world's largest market, we have leveraged our powerful brand and extensive distribution network to capture dominant market share in the decorative paints market. We have also expanded operations into the automotive coatings and industrial coatings businesses. The Project business for building exteriors has grown significantly in recent years and is contributing to the Group's continuous growth in China.
